

Featuring precise cooking zone detection, this full-range dual-zone induction system independently powers two coils, each delivering up to 3.5 kW for efficient handling of diverse cooking requirements.

Controls	
Type of controls	Slider touch control
Colour on controls	red
Functions	
Number of power level	9 + Power + Boost power
Count-up timer	•
Automatic pot detection	•
Flex zones	•(×2)
Residual heat indication	•
Timer on each zone	•
Independent cooking timer	•
Safety lock hob	•
Stop&Go	•
Cooking zones	
Number of cooking zones	2
Cooking area 1/2	
Dimensions(mm)/Power(Boost)(W)	L210×190/2200(3500)
Technical details	
Total connected load(W)	3800
Multi-phase supply voltage	220V/240V - N
Single-phase supply voltage	220V
Frequency(Hz)	50 - 60
