

Induc Stone's dual-zone induction module features precise cooking zone detection, with each coil delivering up to 2.6 kW of power, combining an aesthetically pleasing, seamless design with efficient cooking.

Controls

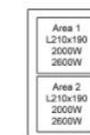

Type of controls	Knob control
Colour on controls	White

Functions

Number of power level	17 + Power + Boost power
Count-up timer	•
Automatic pot detection	•
Flex zones	•(x2)
Residual heat indication	•
Safety lock hob	•
Stop&Go	•

Cooking zones

Number of cooking zones	2
Cooking area 1/2	
Dimensions(mm)/Power(Boost)(W)	L210×190/2000(2600)

Total Connected Load 3000W

Technical details

Total connected load(W)	3000
Multi-phase supply voltage	220V/240V - N
Single-phase supply voltage	220V
Frequency(Hz)	50 - 60
