

Induc Stone's four-zone induction module features precise cooking zone detection, with each coil delivering up to 2.6 kW of power, combining an aesthetically pleasing, seamless design with efficient cooking.

**Controls**

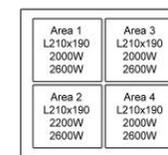

Type of controls	Knob control
Colour on controls	White

**Functions**

Number of power level	17 + Power + Boost power
Count-up timer	•
Automatic pot detection	•
Flex zones	•(x4)
Residual heat indication	•
Safety lock hob	•
Stop&Go	•

**Cooking zones**

Number of cooking zones	4
Cooking area 1/2	
Dimensions(mm)/Power(Boost)(W)	L210×190/2000(2600)

Total Connected Load:6000W

**Technical details**

Total connected load(W)	6000
Multi-phase supply voltage	220V/240V - N
Single-phase supply voltage	220V
Frequency(Hz)	50 - 60
